SSHRC 101

*An Overview of SSHRC's Program Architecture,
Grant Programs, and U of S Internal Support*

Wednesday May 6th

9:00 am – 10:30 am

Location: Agriculture 1E79

Are you familiar with SSHRC's new program architecture? Are you aware of the full range of grant programs and options available to support your research? Do you know which programs are best suited to support your research?

SSHRC's new program architecture is designed to support researchers at different career stages, research that is exploratory in nature, and also scholarly activities that focus on outreach and knowledge mobilization. When applying to SSHRC, success depends in part on applying to the right program.

Whether you are new to SSHRC, an established SSHRC scholar, a PhD or Post-doctoral researcher about to pursue a faculty career, or perhaps it's been a while since you've applied to SSHRC, please join us for an overview of SSHRC's program architecture, available grant programs, and U of S internal supports.

Registration is required. To register, email grants.workshop@usask.ca. Provide your name, department/college/school and indicate "SSHRC 101" in the subject line.

Registration deadline: 29 April 2015
